

BOWLING SUPPLY COMPANY
AND
COLONIAL BOWLING SUPPLY

PINSETTER MAINTENANCE SCHOOLS

Due to popular demand, Bowling Supply Company is hosting both an **Intermediate Level I** and **Advanced Level II** pinsetter training schools.

Level I - is an intense course designed for the entry/intermediate level mechanic. Students learn gearbox assembly, turret assembly and interlocks, deck assembly, electrical system troubleshooting and preventive maintenance. There will be both classroom and hands-on learning each day of the class.

Level II - is designed for the seasoned mechanic focusing on advanced gearbox assembly and disassembly. Students are instructed in detail on pressing gear assemblies, detector work and other complex adjustments. Like Level I, this class is extremely hands-on. (Must have completed Level I to attend Level II)
